

Folding an 8-Page Zine

1 Fold a piece of paper into 8 equal parts

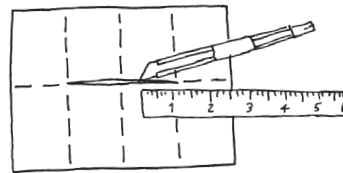

Fold outer edges of the paper to the center crease

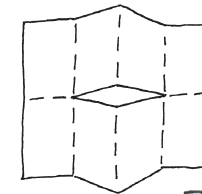

2 Fold the paper in half and ...

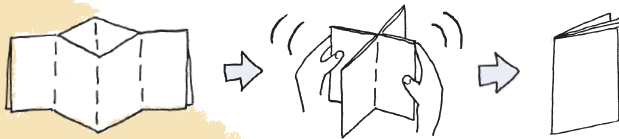

... or cut a slit with a snap-off graphic knife

3 The opened paper will look like this

4 Then fold the paper in half once more, squish and gather into pages, thusly:

Voilà! The zine is complete.

Helpful Tools
